On click, open the candidates page, display ALL candidates in the account. Display the position they are associated to below their name,

In the filters, insert 'Filter by Active Position:' then list all active positions in the employers account.

Using check boxes matching the style shown below, allow the user to check positions he would like to view candidates for.

If a filter is selected, it should remain selected as user navigates through candidate profiles, or different stages. Filter should only reset when user clicks 'Reset Filter'

> Unmarked/Not Selected Marked/Selected - color #0086FF

Jazmyne Jezowski	Candidates – Details	Breadcrumbs should display as Candidates - Details when user is viewing a candidates profile	
		via the ALL 'Candidates' screen
